

# IDEAL AP140 PRO AIR PURIFIER

Ideal for larger room sizes of 1,400 square feet.\* Equipped with the novel 360° multi-layer filter system with HEPA filter.

WiFi Enabled

## Specifications:

Power supply	120 V, 50 / 60 Hz
Fan speed	5 levels
Noise levels (dB)	25.2 - 60.3
Air flow	824 CFM
Maximum coverage area	1,400 sq feet**
Product dimensions (D x W x H), inches	25 x 22 x 28.5
Shipping weight, pounds	112.5

\* With a room height of 8.2 feet.

\*\* Based upon 4 air exchanges per hour.

## Product Highlights:

360° filter

Fine mesh prefilter

Low energy consumption

Night mode

Remote control

Sensors measure air quality

Convenient timer (start & stop)

The AP140 PRO is equipped with a 360° multi-layer filter. Filters dust (PM10, PM2.5 and smaller), and odors from the indoor air. High-quality control panel provides function modes such as auto/manual/turbo. In auto mode, AP140 PRO continually monitors the air quality with intelligent sensor technology and automatically controls the power. In addition to the automatic and turbo adjustment, the fan speed can be manually adjusted at 3 levels and with a separate super-quiet night mode. Timer function can be preset to operate whether in "start timer" mode, or in "stop timer" mode. Other features such as lock function, filter status, or a customization of the automatic mode, can be operated via the corresponding IDEAL Air PRO app<sup>1</sup>. AP140 PRO automatically informs you when to change the 360° filter. On an average, the 360° filter has to be changed after 12 months, depending on the intensity of the usage. Mobile on casters. UL approved. Meets California ozone emissions limit. CARB certified.

<sup>1</sup>PRO models require a constant 2.4 GHz WiFi connection in order to use app.

**Warranty: 2-year limited warranty on all parts excluding wearables.**

# IDEAL AP140 PRO AIR PURIFIER

## Features

### HIGH QUALITY CONTROL PANEL

Control in an intuitive and comfortable way. Functions: on / off, auto / manual / turbo, timer, night mode.

### COLOR CODES INDICATE AIR QUALITY

The current air quality is indicated in a three color code via LED. Depending on the air quality, in automatic mode, the intelligent process controller regulates the cleaning performance and controls the filter.

### IDEAL AIR PRO APP<sup>1</sup>

Enable more control of your device with the IDEAL Air PRO app. Available at Google Play & Apple App Store.

### 360° MULTI LAYER FILTER

The 360° filter consists of a fine mesh prefilter and HEPA filter. Due to the circular design, the whole filter surface is optimally utilized.

### REMOTE CONTROL

The AP140 PRO can also be controlled easily via remote control. It is magnetic – for practical storage.

### COMPACT POWER PACKAGE

The integrated GreenTech EC motor provides lower energy consumption compared with AC solutions.

**Warranty: 2-year limited warranty on all parts excluding wearables.**

<sup>1</sup>PRO models require a constant 2.4 GHz WiFi connection in order to use app.
