

5000 MCS Supreme

Optimal Air Filtration for Homes & Businesses

The 5000 MCS Supreme packs 15 lbs. of activated carbon and a medical-grade HEPA filtration system into a powerful air purifier with 3-speed control, all-metal housing and powder-coated filter canisters. The 5000 MCS Supreme's advanced chemical, odor and particle control make it a popular choice for our Multiple Chemical Sensitivity customers. Purchase of a carbon test kit required with all MCS models.

■ Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

■ Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

■ Green Features

- ✓ All-metal housing
- ✓ Ozone-free filtration technology
- ✓ Energy efficient
- ✓ Refillable carbon canisters
- ✓ Styrofoam free
- ✓ North American sourced parts and materials
- ✓ North American assembly

Technical Specifications

Carbon Filter	15 lb., 2" depth
