

5000D MCS Supreme

Optimal Air Filtration for Homes & Businesses

Based on the same inert design as our 5000 MCS Supreme, this unit features even more activated carbon and a deeper carbon bed to provide enhanced chemical and odor filtration for people with extreme chemical sensitivities. This unit is also equipped with a micro-HEPA filter for particle filtration. Purchase of a carbon test kit required with all MCS models.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

Green Features

- All-metal housing
- Ozone-free filtration technology
- Energy efficient
- Refillable carbon canisters
- Styrofoam free
- North American sourced parts and materials
- North American assembly

Technical Specifications

Carbon Filter	24 lb., 3" depth
HEPA Filter & Pre-filters	Micro-HEPA wrap, Pre-filter
Options	N/A
CFM	400 Free flow
Voltage	115V/60Hz or 230V/50Hz
Dimensions	20.5" (height) x 15" (diameter)
Shipping Weight	Approx. 55 lbs. 2 boxes
Available Colors	Black, Sandstone, White, Pewter, Red, Copper, Silver, Glossy Black
