

6000D Vocarb

Heavy-Duty Air Filtration for Contaminated Environments

D Vocarb models feature a special blend of carbon to tackle heavy concentrations of airborne pollutants, odors and volatile organic compounds. With an extra deep-bed 28 lb. carbon filter, a micro-HEPA for particles and an easy-clean pre-filter, this unit is ideal for serious air cleaning.

■ Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

■ Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

■ Green Features

-  All-metal housing
-  Ozone-free filtration technology
-  Energy efficient
-  Refillable carbon canisters
-  Styrofoam free
-  North American sourced parts and materials
-  North American assembly

Technical Specifications

Carbon Filter	28 lb., 3" depth
HEPA Filter & Pre-filters	Micro-HEPA wrap, Pre-filter
Options	UV Light, Custom Carbon Blends, Photocatalytic
CFM	400 Free flow
Voltage	115V/60Hz or 230V/50Hz
Dimensions	23.5" (height) x 15" (diameter)
Shipping Weight	Approx. 60 lbs. 2 boxes
Available Colors	Black, White, Sandstone
