Heavy-Duty Air Filtration for Contaminated Environments

An air purifier tailored specifically for cigarette smoke, this exceptional unit removes harmful chemicals, particles and lingering odors. It features a powerful 28 lb. deep-bed carbon filter, a tar-trapping pre-filter and a micro-HEPA for particles.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.
