

SALON5000

Air Purification for Beauty Salons & Spas

Engineered specifically for beauty salons, the Salon 5000 is a source capture air-purifying unit designed to capture chemicals, odors and particles associated with manicures and pedicures, before they spread. The Salon 5000 is equipped with 18 lbs. of carbon to provide nail salon patrons and staff alike with clean, safe indoor air.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

Green Features

- All-metal housing
- Ozone-free filtration technology
- Energy efficient
- Refillable carbon canisters
- Styrofoam free
- North American sourced parts and materials
- North American assembly

Technical Specifications

Carbon Filter	18 lb., 2.5" depth
