

**AMAIRCARE AIRWASH ES3X**  
**120V Installed/Customizable Air Filtration System with VOC**  
**PART NUMBER: 30-A-1KME-01**

**Machine comes with the following parts:**

- 1. Stage 1 – Carbon Pre-filter**
- 2. Stage 2 – Tri-HEPA Filter**
- 3. Stage 3 – 21lb Carbon VOC Canister**

**Amaircare AirWash ES3X HEPA air filtration system can as a stand-alone installed effectively cleans the air in large areas. Various Commercial Applications, specializing in Mechanical garage / Body Shop, First Responder garages, Vape/Hookah lounges**

**Classification:** Installed HEPA 100% Sealed Air Cleaning Device

**Dimensions:** 48”L x 17”W x 28”H

**Weight:** 157lbs.

**Airflow:** 2000 CFM

**Power Usage:** 7.8 amps

**HEPA Material:** HEPA Cartridge Efficiency: 99.97% minimum at 0.3 micron particle and above

**Materials:** 18 gauge steel housing

**Finish:** Baked Thermoset Powder Finish

**Service Area:** 15,000 sq. ft. for 1 air change per hour

**Control:** Recommended for use with wall mounted air quality sensor

**Intake:** 3 x 11” Rectangular

**Outflow:** 3 x 11” Rectangular
