

BA-1800

BA-1800 is dedicated to big surfaces up to 45,000 SQF, designed to disperse Enviro-Biotics™, to be used either in your HVAC system, or with an automatic and areal dispersion.

BA-1800 disperses the Enviro-Biotics™ enhancing your well-being, cleaning your air, surfaces and objects, especially in those hard to reach areas.

Specifications

- Dimensions : 18.9 x 8.3 x 7.3 in
- Power Supply: Input
- Voltage: 110/240VAC
- Weight: 31.96 lbs
- Output: 12 VDC, 2A
- SKU: 30065
- Materials: Steel Housing, Rubber Hose, Aluminum, Bottle
- Option liquid Capacity: 33.8 fl oz or 67.6 fl oz
- Performance via HVAC : Up to 45,000 sqf
- Performance via coverage areal : Up to 5000 sqf
