

# I-6500 AH80

## Superior Air Cleaning for Chemicals, Gases, Odors and Particles

The I-6500 series is designed for serious air filtration in commercial and industrial spaces. Available in several configurations, this unit may be attached to an HVAC system. It features an 80 lb. activated carbon filter and a medical-grade HEPA filter.

### Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir cleaners are individually customized, industrial air filters that target airborne pollutants. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors and superior medical-grade HEPA filters for particle control.

### Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

### Green Features

- All-metal housing
- Ozone-free filtration technology
- Energy efficient
- Refillable carbon canisters
- Styrofoam free
- North American sourced parts and materials
- North American assembly

### Technical Specifications

Carbon Filter	80 lb. refillable carbon filter
Filtration System	12" medical-grade HEPA filter, pre-filter
Options	UV lamp, Custom carbon blends
CFM	750 - 1000 Delivered
Voltage	115/60Hz only
Dimensions	70" x 24.5" x 21" (H x W x D)
Shipping Weight	Approx. 365 lbs.
Available Colors	Sandstone
