

LD450 Fume Extractor

Industrial-strength light duty welding smoke extractor

- TIG and arc welding operators
- Soldering
- Light manufacturing
- Light plastic welding

Industrial Air Filtration for Welding

Electrocorp fume extractors offer a high draw solution to welding smoke and fumes. Our portable fume extractors feature at-the-source protection removing airborne chemicals, vapors, fumes and smoke directly from the workstation. Units feature 2" HEPA fume filters that capture airborne smoke particles and a 40 lb. deep bed activated carbon filter for chemicals, gases and smoke odor. Ideal for MIG, TIG, arc and robotic welding.

Technical Specifications

Carbon Filter	40 lbs., 10.5" depth
Filtration System	2" HEPA 2" Pre-filter
SFM	250
Dimensions	22.5" x 16" x 29"
Options	Custom carbon blend

Eco-Friendly Features

Metal Housing
Ozone-free
Energy efficient
Refillable carbon canisters
North American parts and materials
North American assembly
