

TRIO

UVC, Multi-Stage Filtration, & PRO-Cell™ Technology Portable Air Purifier

PROTECT YOUR FAMILY'S HEALTH WITH FRESH, CLEAN & PURE™ AIR

The TRIO Portable air purifier is a powerful portable air purification and filtration system. Quiet and efficient, the TRIO, boasts a remarkable Clean Air Delivery Rate (CADR) of 154 and an airflow of 200 CFM. True HEPA filtration capturing >99.97% of 0.3- μ m particles, down to 0.1- μ m, one high-intensity UVC lamp, and PRO-Cell™ toxic gas reduction technologies combine to make TRIO Portable a complete purification system designed for shared living spaces, nurseries, bedrooms, classrooms, dorm rooms, offices, day care facilities, and any space that needs extra indoor air protection.

● True HEPA and Carbon Filtration

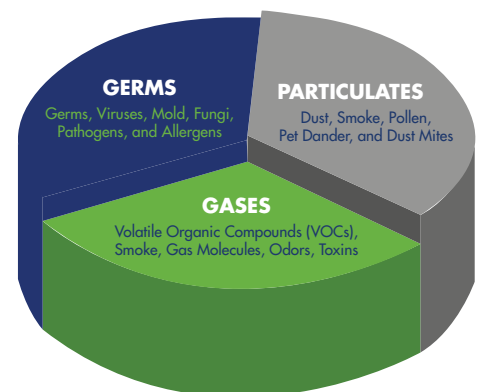

- Pre-Filter captures hair and dander
- True HEPA traps 99.97% of 0.3- μ m particles, down to 0.1- μ m, such as smoke, dust, pollen, and harmful PM2.5 particles.
- Activated carbon absorbs toxic gases from, household products and cleaners

● Powerful UVC Light

- High intensity, high output UVC lamp

● Patented PRO-Cell™ Technology

- Transforms odors and VOCs into fresh, breathable air

● VOC Sensor Equipped

- Automatically increases the fan speed when harmful gases are present

TRIO PORTABLE INDOOR AIR PROTECTION

Restaurants

Classrooms

Beauty Salons

Gyms

Doctors' offices

Day Care Facilities

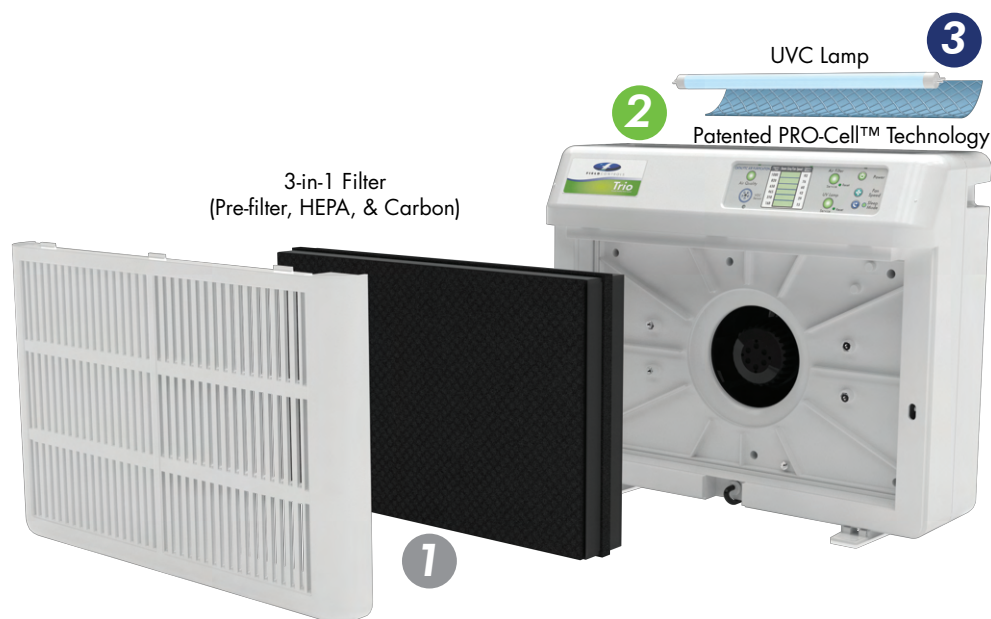

Dorm Rooms

- 1** Multi-stage True HEPA Filtration
Traps particles such as smoke, dust, pollen, and PM2.5 particulates

- 2** Patented PRO-Cell™ Technology
Dramatically reduces toxic VOCs and odors

- 3** UVC Lamp
Powerful UVC excites PRO-Cell™

Technology Counts, Count on TRIO

The technology in Field Controls air treatment products are backed by science. The CDC, WHO, and ASHRAE all recommend UVC and HEPA filtration for reducing transmissions. Count on Field Controls for indoor air quality solutions.

Meets California ozone emissions limit: CARB certified

Does Not Produce Ozone

The TRIO is ozone free meeting CA and NY state non-ozone requirements for added peace of mind.

TRIO can clean the air in a room up to 1,155 square feet in one hour and 577 square feet in 30 minutes.
